The City requires taxable business activities to be licensed, with the annual licensing fee amount varying by business type. This downturn is largely due to the State of Arizona's implementation of the Tax Simplification changes. Taxpayers that have multiple locations under the same legal entity are no longer required to have a business license per location. In the past, the city charged a renewal fee for each location.

Actual revenues and expenditures through the third quarter are in line with historical budget comparisons and within budgeted parameters. Repayment of this debt will result in spending down the fund balance in the fund to between 4% and 8% of outstanding property tax supported debt, and will enhance the City's capacity to continue to issue property tax supported debt within the City's legal debt limits.
